If the game ends in a tie at the end of regulation time, the following procedure will be used:

- Two (2) complete extra time periods shall be played as follows: U10 -- 5 minutes; U12 -- 7 minutes; U14 -- 9 minutes
- If a team is playing short because of ejections, they will continue to play short during the extra time periods.
- At the end of the first extra time period, the teams switch ends of the field and immediately begin the second extra period with a kickoff.
- If one team is ahead at the end of the second extra time period, that team shall be declared the winner. Otherwise, proceed with step (5).
- In the case of a tie at the end of the two extra periods, the winner shall be determined by the taking of penalty kicks as described in (8) and (9). Only the players on the field at the termination of the 2nd extra time period may take penalty kicks. No player may be exempted from taking a kick. The goalkeeper may be changed with any player on the field before any penalty kick. A goalkeeper who is injured while kicks are being taken from the penalty mark and is unable to continue as goalkeeper may be replaced by a substitute (not on the field).
- If a team is playing short at the end of the second overtime period because of ejections, the other team will reduce its number to equate to that of the team with fewer players.
- The referee chooses the goal at which the kicks will be taken. The referee tosses a coin and the team whose captain wins the toss decides whether to take the first or second kick.
- Each team shall alternately take five (5) penalty kicks at the same goal; each one shall be taken by a different player; the team scoring the most goals shall be declared the winner. If, before both teams have taken five kicks, one has scored more goals than the other could score, even if it were to complete its five kicks, no more kicks are taken.
- If a tie still exists after (8) has been completed, the taking of penalty kicks shall continue in the same order, each kick being taken by a different player, until such time as both teams have taken an equal number of kicks and one team has scored one goal more than the other. This team shall be declared the winner.
- If all players of each team on the field at the end of the 2nd extra time period have been used and the match is still tied, the taking of penalty kicks shall continue repeating step (9) until a winner is declared.

*\*Start of game may be delayed if prior game goes into over-time.*

**PLEASE NOTE: If a coach has a conflict with his or her other team, the games will be subject to change.**
